## Profile Summary

---

Innovative and results-driven Full Stack Developer with hands-on experience in building scalable web and mobile applications. Proficient in MERN stack, REST APIs, and user-centric design, with strong problem-solving skills and a track record of leading development teams. Seeking opportunities in Full Stack Development / Software Engineering roles where I can contribute to building impactful, high-performance solutions.

## Skills

---

**Languages:** Java, JavaScript, Python, C

**Frameworks/Libraries:** React.js, Node.js, Express.js, Flutter, React Native

**Databases:** MongoDB, Firebase

**Tools/Concepts :** Git, RESTful APIs, Postman, Scrum, Responsive Design, Basic Data Structures and Algorithms

## Experience

---

**Stratosfy, Full Stack Developer Intern**

Dec 2025 - Jan 2026

- Supporting product innovation through hands-on development and technical research.
- Implemented offline-first flutter app for the company.

**Synxa IT Pvt Ltd, Full Stack Developer Intern**

July 2023 - June 2025

- Implemented role-based authentication and secure data handling, enhancing security and reducing unauthorized access attempts by 30%.
- Collaborated with cross-functional teams in an Agile environment to deliver features ahead of deadlines.
- Optimized front-end rendering and back-end queries, resulting in 20% faster load times.
- Led and mentored 5 frontend interns, guiding them in React.js best practices and project workflows.

## Projects

---

**Synxa Job Portal , Live Link**

- Developed a full-stack job portal using **React.js** for the frontend and **Node.js** for the backend with RESTful API integrations.
- Implemented **Admin Panel** with modules for content management, analytics, and lead generation.
- Focused on **secure authentication, role-based access control**.

**Project Management System (Kanban Board) , Live Link**

- Built a complete project and task management system using the MERN stack, handling everything from UI to database design.
- Core features include user authentication, project creation, task assignment, status tracking, and a clean, intuitive dashboard.
- Achieved 40% improvement in team collaboration efficiency.

**Student Database Management Application (Flutter)**

- Developed a real-time mobile app for managing student data and academic records.
- Integrated Firebase authentication and push notifications.

## Education

---

**G.Pulla Reddy Engineering College, Kurnool**

Bachelor's in Computer Science and Engineering

Aug 2023 – April 2026

**Sri Venkateswara Govt Polytechnic College, Tirupati**

Diploma in Computer Engineering

Dec 2020 – May 2023
